GENERAL SERVICES

Doing Business with the City of Houston

CITY OF HOUSTON

2012

General Services DEPARTMENT

Per City Ordinance No. 1999-0378;
General Services Department
Established as a Department in 1999 functions as the City's in-house developer and provides services including but not limited to:

- ✓ Real Estate Management
- ✓ Design & Construction
- ✓ Property Management
- ✓ Environmental Management
- ✓ Energy Management
- ✓ Security Management

Design & Construction Division

MISSION: <partner of choice>

- Manage the planning, design, and construction of sustainable City buildings including green spaces/parks
- Implement best practices and latest industry standards and alternative delivery methods for procurement
- Transparent processes for fair and equal selection
- Maintain budget and schedule
- Provide highest quality product

The General Services Department is responsible for planning, designing, and constructing projects. Projects include new construction, restorations, and renovations.

SERVICES:

- Capital Improvement Planning
- Architectural/Engineering Project Mgmt
- Construction Project Management
- Civic Art Administration
- Office Space Mgmt. & Furniture Standards

Architect/Engineer Selection Process

Informal Guidelines

- GSD reviews SF-254 or SF330 Forms on file.
- Three-to-five consultants are short-listed and interviewed
- Committee reviews candidates' qualifications, experience, and ranks each firm based on a scoring matrix
- Director authorizes Request to Negotiate (RTN) to begin contract negotiations with selected consultant
- If negotiations are successful; the Project Manager proceeds with the contract and presents it to City Council for approval

Formal Guidelines

- **Advertise Request for Qualifications (RFQ)** for two consecutive weeks and posted on the City's website
- **Pre-submittal Meeting**—Opportunity to discuss selection process prior to submittal date
- **Submittal Date**—Statement of Qualifications (SOQs) submitted to the City Secretary's office on or before date indicated in RFQ
- **Evaluation of SOQs**; Short-listed respondents notified and interviewed; scores reflect the selected firm; and negotiations begin
- If negotiations are successful; the Project Manager proceeds with the contract and presents it to City Council for approval

Project Delivery Methods

The General Services Department utilizes the following delivery methods to execute design and construction projects

Design / Bid / Build Method:

- ◆ **Competitive Bid (Low Bid)**
non schedule-sensitive;
lowest responsive bidder determines bid award
- ◆ **Competitive Sealed Proposal (CSP)**
non schedule-sensitive;
bid price and qualifications determines bid award

Alternative Delivery Method:

- ◆ **Construction Manager at Risk (CMAR)**
complex; schedule sensitive;
difficult to define; subject to potential change project
- ◆ **Design/Build (DB)**
multi-phase; single-point of responsibility; faster schedule delivery
- ◆ **Job Order Contracting (JOC)**
schedule sensitive; single or multi-trade; emergency; minor construction/repair; or renovation project

Environmental Management

- Environmental site assessment
- Soil & groundwater remediation
- Emergency response on fuel/misc. spills
- Indoor air quality survey & remediation
- Mold/mildew survey & remediation
- Underground storage tanks Certification & inventory
- Asbestos/lead survey & abatement

Property Management

- Provides quality infrastructure maintenance, repair and renovation for client departments to keep properties safe, energy efficient, secure and operational.
- Develops and manages maintenance service contracts to ensure scope adherence and sound fiscal oversight.
